## Objective

---

Full Stack Developer skilled in MERN stack and Data Structures, with strong problem-solving abilities and solid computer science fundamentals. Eager to contribute to robust and scalable web solutions.

## Education

---

<b>KURUKSHETRA UNIVERSITY, JMIT Institute</b> <i>Bachelor of Technology in Information and Technology — CGPA : 8.6/10</i>	<b>Yamunanagar, Haryana</b> <i>2020 - 2024</i>
<b>Ch Sant Ram Memorial Public Senior Secondary School</b> <i>Class XII</i>	<b>Karnal, Haryana</b> <i>2018 - 2019</i>
<b>Ch Sant Ram Memorial Public Senior Secondary School</b> <i>Class X</i>	<b>Karnal, Haryana</b> <i>2016 - 2017</i>

## Course Work

---

Data Structures and Algorithms	Operating Systems	Database Management Systems
Object Oriented Programming	Computer Networks	Analysis and Design of Algorithms
Mathematics		

## Experience

---

**Indux Technology** **Nov 2025 – Present**  
*MERN Developer Intern , Remote* *Pune, Maharashtra*

- Developed and enhanced a full-stack CRM using the MERN stack with TypeScript, owning end-to-end features across Dashboard, Sales, Quotation, Invoice, AMC, Employee, Expense, and Attendance modules.
- Optimized performance and UX through Redux Toolkit integration, Razorpay payment gateway, dynamic quotation templates, and fast page loading techniques while improving UI/UX across the application.

**Rudram Soft** **June 2025 – Aug 2025**  
*Software Development Intern* *Kurukshetra, Haryana*

- Developed and enhanced the vendor panel for **Dailone.com** using Laravel, enabling streamlined vendor management and improved operational efficiency.
- Integrated **PhonePe** payment gateway to enable secure and real-time payment processing, facilitating live transactions directly through the vendor panel.

**Freelancing Projects** **Aug 2024 – May 2025**  
*Web Development* *Fort Wayne, USA*

- GroceryLo** – Online grocery ordering platform with real products, categories, and cart checkout.
- GoBomy's** – Restaurant ordering website with Stripe payment, dynamic menu, and filters.
- GossipFW** – Salon booking system with service selection, time slots, and admin control.
- Zodiac Chakra** – Astrology platform offering Kundli creation, zodiac insights, and bookings.

## Projects

---

**Shoppin'z** | React JS | Node JS | Express JS | MongoDB | Stripe  

- Developed a MERN stack shopping website with separate admin/user panels, secure JWT auth, and Stripe integration.
- Included product management, password reset, order invoices, and smooth user experience across the app.

**Dream Home** | React JS | Node JS | Express JS | MongoDB | Firebase  

- Created a property platform for buying, selling, and renting properties.
- Implemented Google Sign-In and JWT-based authentication with advanced property filters.
- Enabled direct user-to-owner communication via email.

**Burger Point** | React JS | Node JS | Express JS | AWS Atlas  

- Built an online food ordering system with cart, order history, search, and category features.
- Implemented JWT authentication for secure login session handling.

## Skills

---

**Languages:** C, C++, JavaScript, TypeScript, Java, SQL, HTML/CSS, Python

**Frameworks & Libraries:** React.js, Node.js, Express.js, Redux Toolkit, Tailwind CSS, GraphQL

**Tools & Technologies:** MongoDB, Firebase, AWS (Atlas), Git, REST APIs, Stripe, PhonePe API, Ruzarpay API

## Training

---

**SENSATION SOFTWARE SOLUTIONS PVT. LTD**

**Jul 2023 – Oct 2023**

*MERN Stack Development*

*Mohali*

- Built full-stack applications using MongoDB, Express, React, and Node.
- Gained expertise in RESTful APIs and Redux-based state management
- Successfully completed a MERN Stack Development certification.

## Achievements

---

- Solved **500+** problems on **Leetcode** and earned 8 badges
- Gained **20 badges** on **Coding Ninjas** with **43,000+** experience points.
- Solved **350+** questions on **GeeksforGeeks** with a score of **850+**.
- Achieved a **5-star** rating on **HackerRank** and solved 40+ SQL problems
- Earned certifications in **Operating Systems, C++, DBMS, and OOPs**
